

## Statistical press release

Luxembourg, 21 December 2017

### Evolution of reserve requirement

The Banque centrale du Luxembourg (BCL) informs that the amount of the reserve requirement, for the maintenance period from 20 December 2017 to 30 January 2018, amounts to 4 608 million euros.

The minimum reserves for credit institutions to hold with the BCL have increased by 10 million euros compared to the previous maintenance period.

Statistical series relating to the minimum reserve requirements of credit institutions are accessible on the BCL's website using the following link:
